NEW PILOT'S LICENCE FORMAT

***This page intentionally left blank***

**BARBADOS CIVIL AVIATION DEPARTMENT (BCAD)**

**NEW PILOT'S LICENCE FORMAT**

Consequent upon the establishment of the Barbados Civil Aviation Department (BCAD), and the passage of a new Civil Aviation Act, together with the Civil Aviation Regulations, of Barbados conforming to the revised international civil aviation standards, the format of licences issued to pilots has been modified.

The issuance of the modified licence format will take effect when licences are submitted to the Department for renewal. Licence holders are therefore advised that, in addition to the usual documents submitted in support of the renewal of licences, they will be required at the time that they next apply for the renewal of their licence, to submit two (2) recent photographs, one of which will be placed on the licence returned to the licence holder.
